

Sprint Review — Sprint 2

Sprint goals

Include the sprint goals set during sprint planning and evaluate progress as a team.

Name of goal

- All endpoints implemented with full CRUD across all 14 tables
- JWT authentication with role-based access control for staff and customers
- Frontend web interface covering all core user and staff workflows

Demos

Demo	Feedback
Staff dashboard	view live order queue, update order status, manage menu items
JWT Auth	register as customer, login, access protected endpoints, 403 on staff-only routes

Complete tasks

Mark work items “Done” that met acceptance criteria. For items that need more work, determine if they will move to the next sprint or back to the backlog.

****Items were updated in the Sprint Backlog****

Upcoming

- Merge feature/sprint2 branch into main
- Record and upload final presentation video to GitHub
- Submit all sprint documents
