Sprint Review 1 — Group 17

Brian Mellinger, Drew Karash, Bin Chen, Ryan West

Sprint goals

Include the sprint goals set during sprint planning and evaluate progress as a team.
Name of goal

1. Reminders of what is due before next class, next week, and for the final submission
2. Task out who is going to do what work is next
3. What has been completed since the last time we met and demo of it working

Demos

Demo	Feedback
Swagger docs	Everything looks good, documentation function needs to be built
Updated user stories and user backlogs	User stories and backlogs are updated!

Complete tasks

Mark work items “Done” that met acceptance criteria. For items that need more work, determine if they will move to the next sprint or back to the backlog.

<u>The following items are completed tasks that have been verified today</u>

1. Swagger docs and FastAPI Code
2. Updated user stories
3. Updated user backlogs
4. Updating last sprint backlog

Upcoming

Add action items coming out of the sprint review meeting.

Need to do these items

1. Complete the documentation code for Swagger docs using FastAPI before next week
2. Complete testing before next meeting
3. Get ready for next sprint meeting and reupdate all the logs (stories, backlogs, sprint)
